Seabird Ecological Assessment Network Workshop

Thursday, December 13, 2018 at 1 PM – 2 PM

Hosted by [Friends of Corolla Library](#) and [Outer Banks Center for Wildlife Education](#)

Do you ENJOY WALKING ON THE BEACH? Are you interested in learning more about the marine environment and beaches in your area and contributing to a large, coordinated bird monitoring project?

Become a SEANET Volunteer!

You can help by walking a segment of North Carolina's beaches of your choosing once or twice a month collecting data on environmental conditions, beach debris and both dead and live bird sightings. SEANET is the only program conducting standardized beached bird monitoring on the Atlantic coast of the United States. The reports submitted by SEANET volunteers are the backbone of this effort. No scientific background or special training is required, just a desire to help North Carolina's marine ecosystems!

Where: The Corolla Library, 1123 Ocean Trail, Corolla, NC 27927
